ABOUT

Frontend Developer with 2+ years of hands-on experience building responsive, user-focused web interfaces. Skilled in transforming design concepts into functional, elegant solutions using modern technologies. Currently pursuing a B.Sc. in Computer Science, combining academic knowledge with real-world application to deliver polished, high-performance websites.

EDUCATION

Lagos State University – Lagos, Nigeria

B.Sc., Computer Science — 2023 – Present

Relevant Courses: Computer Programming (C), Object-Oriented Programming, Data Structures & Algorithms, Calculus, Microprocessor and Microcontroller.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, C, HTML, CSS, React, Tailwind CSS

Tools & Technologies: Git & GitHub, Vite, API Integration, Responsive Design, Figma to Code, Version Control, Deployment (Render, Netlify, Vercel), Microsoft Word

Other: Technical Writing, Media Queries, Component-Based Architecture, SEO Basics

EXPERIENCE

Frontend Developer Intern – Brilstash

June 2025 – Present

• Built and integrated the company's payment processing system using backend APIs

• Developed features like a credit dashboard, 404 error page, and empty state pages

• Ensured responsiveness and mobile-friendliness with Tailwind CSS

• Translated Figma designs into functional React components

• Contributed to version control with GitHub: pull requests, code reviews, deployments

Frontend Development Intern – Ulehomes

February 2025 – Present

• Worked in a team to build user interfaces using React and Tailwind CSS

• Translated Figma designs into responsive web pages

• Contributed to the 'Loft by Ule' subproject, emphasizing mobile-first design

• Participated in sprint planning and collaborative reviews

Freelance Frontend Projects

• Created multiple landing pages and web apps using React, Vite, Tailwind, and external APIs

• Built a Weather App with OpenWeather API integration

• Designed and deployed a personal portfolio to showcase skills and growth

PROFESSIONAL TRAINING

SheCodes Foundation Scholarship

• **SheCodes Basics:** HTML, CSS, JavaScript Fundamentals

• **SheCodes Plus:** Git, GitHub, APIs, Advanced JavaScript

• **SheCodes Responsive**: Hosting, Bootstrap, Media Queries, Flexbox, Google SEO

• **SheCodes Next:** Networking, React

ACHIEVEMENTS

• Selected for the SheCodes Foundation Scholarship, a global initiative that provides free coding education to women. Successfully completed all workshops on merit.

• Completed the GitHub Foundations Course, gaining practical knowledge in Git, version control workflows, GitHub repositories, and open-source collaboration.
